

Bartram Trail Veterinary Hospital St. Augustine, FL

Project Description:

Matthews Design Group, Inc. (MDG) has completed engineering design and permitting for a veterinary hospital, office and kennels on a 5.1 acre parcel located along SR 16 in St. Augustine, Florida. MDG designed all aspects of the site development including rezoning of the subject property, a Special Use permit, and septic tank permitting to meet St. Johns County requirements.

Project Manager: *Rob A. Matthews III, P.E.*

Project Status: *Completed 2006*

Client: *Bartram Trail Veterinary Hospital*

MDG services provided:

- Site Design
- Stormwater Facilities Design
- Rezoning
- Septic Tank Design
- Permitting with St. Johns County, FDOT & SJRWMD
