

## Davis Industrial Park St. Augustine, FL

### **Project Description:**

Matthews Design Group, Inc. (MDG) staff completed engineering and site design for an approximate 24.5 acre industrial park located in St. Augustine, Florida. This design included 2,000 ft of new roadway, a master stormwater system, and utility extensions to serve 23 lots that will house industrial type developments. With the infrastructure in place, MDG completed various site designs for the individual lots.

**Project Manager:** *Rob A. Matthews III, P.E.*
