

Off-Road Holding – Grass Runway Orange Mills, FL

Project Description:

MDG completed site design and engineering for a proposed grassed runway and airplane hangar for a site in eastern Putnam County.

The site will have a large hanger capable of holding several planes, in addition to large concrete aprons for plane parking

Project Manager: *Scott A. Knowles, P.E.*

Project Status: *Complete*

Client: *Off-Road Holding, Inc.*

MDG services provided:

- Roadway Design
- Stormwater Facilities Design
- Rezoning Assistance
- Permitting with Flagler County, FDEP, & SJRWMD
- Permitting with FDOT & FAP specifically for airport permitting.
