» MDG's Role

Prime engineering consultant

» Status

Completed 2012–2014

» Contract Amount

\$73,750

Masters Drive and (insert) waterline along Palmer Street

Matthews Design Group (MDG) provided engineering services to replace waterline approximately 2900 linear feet of 2-inch waterline along Palmer Street with a 10-inch waterline, and 4300 linear feet of 10-inch waterline along Masters Drive. Tasks included development of base drawings, conceptual plans, and construction drawings; permitting; and construction administration. In total, MDG replaced 9500 linear feet of waterline on three separate projects.
