

## Flagler Hospital Hospice Center St. Augustine, FL

### **Project Description:**

Matthews Design Group, Inc. (MDG) engineered a complete site design for this 11,000 square foot building located on the Flagler Hospital campus. Project scope included site, stormwater, and utility design, and incorporated additional parking and sidewalks. The sidewalks along the west side of the building required a retaining wall to address elevations between the building and the adjacent road. Also included was permitting with Johns County, St. Johns River Water Management District, Florida Department of Environmental Protection, and the Florida Department of Transportation.

**Project Manager:** *Scott A. Knowles, P.E.*

**Project Status:** *Complete*

**Client:** *Gresham-Smith and Partners; Skip Yauger*
