Prime engineering consultant

Status

In progress

GREEN COVE SPRINGS PARK AND POOL GREEN COVE SPRINGS, FLORIDA

Proposed Pool at Green Cove Springs

Matthews Design Group (MDG) is the lead consultant of a multidisciplinary team tasked by the City of Green Cove Springs to renovate and expand this park which serves as the landmark feature for the City. Project scope includes a complete updating of the existing facility to include an activity building, swimming pool, and outfall for the spring boil. With design complete, this project is currently in the bidding phase.
