Cornerstone Park Community Center
St. Johns County, FL

Project Description:
Matthews Design Group, Inc. (MDG) has completed engineering and design for a 3 acre community center and parking area in Ponte Vedra in northeast St. Johns County. The project included refitting of existing buildings to use as community meeting facilities as well as parking areas and football fields. As part of the site design, the existing septic system was abandoned for connection with adjacent utilities.

Project Manager: *Rob A. Matthews III, P.E.*

Project Status: *Engineering Complete; Construction On Hold*

Client: *Schenkle Shultz Architect; St. Johns County*

MDG services provided:

- Stormwater modeling
- Site & utility design
- Permitting with FDEP and St. Johns County
