

## Kindlewood Residential Development Clay County, FL

### **Project Description:**

Matthews Design Group, Inc. (MDG) provided construction administration for Phase 1-B, and site design and permitting services for Phases 2 & 3 of this 92 acre residential development. These designs included all internal roadways, utilities, and stormwater management facilities, as well as permitting through Clay County, St. Johns River Water Management District, and the Florida Department of Environmental Protection.

**Project Manager:** *John P. Grady, P.E.*

**Project Status:** *In Progress*

**Client:** *Taylor Morrison of Florida*

MDG services provided:

- Site, Utility, & Stormwater Facilities Design
- Permitting with Clay County, FDEP, & SJRWMD
- Construction Inspection
