DESIGN AND PERMITTING, LAS CALINAS RESIDENTIAL DEVELOPMENT ST. JOHNS COUNTY, FLORIDA

Entrance to Las Calinas development

Matthews Design Group (MDG) is providing site design and permitting services for multiple units during multiple phases on this 440-acre residential development. Design elements include a 7,000 feet of internal roadways, a 39-acre recreation pond, water retention ponds, internal roadways, utilities, stormwater management facilities, and permitting through St. Johns County, St. Johns River Water Management District, Florida Department of Transportation, and the Florida Department of Environmental Protection.
